

# KENNETH KRAEGEL SCHOOL VISITS

## Presentation

In acclaimed author and illustrator Kenneth Kraegel's presentations, students learn how an idea in someone's head becomes a book. Along the way they learn about editing, revising, sketching, storyboarding, what makes a good illustration, and the value of perseverance. Students will enjoy learning some new vocabulary words and getting drawing tips. Kenneth uses plenty of slides, props, and questions for students in his energetic and engaging presentation.

Presentations last for 50 minutes, including a book reading and time for Q&A at the end.

Kenneth is comfortable speaking to groups large and small. The school provides a projector and screen and a microphone when necessary.
